EDUCATION

Smt. Kashibai Navale College of Engineering, Pune — B.Tech (Computer Science)

AUGUST 2019 - PRESENT

Current GPA: 9.11

Sinhgad College of Arts, Science and Commerce, Pune — HSC (Science)

JULY 2017 - FEBRUARY 2019

Percentage: 70%

EXPERIENCE

Tech Mahindra — Student Trainee

APRIL 2022 - MAY 2022

Completed an internship program with Tech Mahindra Ltd. Worked on the project titled AI ML Platform for Computer Vision Solution. Got to learn and implement the theoretical knowledge into a real-life application. It helped me to understand how a project lifecycle works, and other best practices followed in the industry.

GirlScript Summer of Code — Open-Source Contributor

MARCH 2022 - JUNE 2022

Rezume is a free online portal for generating resumes without worrying about styling and formatting. In the web portal, you only need to input the basic information you want on your resume, which will automatically generate a decent resume for you. Identified and fixed an issue by creating a pull request that solves the problem that when the user opts to add the profile picture the name of the user and the contact details have some space in between.

Club TechBrewers, Pune — Founder and Lead

OCTOBER 2021 - PRESENT

Leading Club TechBrewers a community that encourages folks to learn, build and connect with other like-minded folks. Being an inclusive community of 1000+ members we plan workshops on a large variety of topics like personal development, AR/VR, Web development, and many more.

PROJECTS

BookMark

Bookmark comes to your rescue when you have a long list of websites that you want to bookmark, you can access the most-used apps developed by Google by bookmarking this one single website. This webpage was developed for ease of use and access to the most visited websites.

Mash-Mix

We have developed a webpage that allows you to muse and remix your favorite music and showcase your creativity to the world. We developed this project at a hackathon and we won the second-overall prize as well for the same.

Microsite - @wavi

Developed a microsite on the @sign platform for the Festivals of India and won the Best Custom Content prize for this microsite at Hack This Fall 2.0 Hackathon for The @Company Sponsor Track.

SKILLS

Git and GitHub, HTML, CSS, Bootstrap, Meta Spark, Python, Javascript

VOLUNTEERING

Azure Developer Community- Pune

I'm an organizer at Azure Developer Community Pune which is aimed at helping developers learn, network, and upskill by attending regular community events and sharing knowledge with other like-minded folks.

Hack Ambassador, Moderator, and Anchor at Hack The Mountains 2.0

Helping to nurture a global hack culture through Hack The Mountains. As a Hack Ambassador, I conducted a YouTube live session on the topic "Why do you need to attend Hackathons". Moderator for Discord channel and anchored at more than 5 HTM Qubits sessions.

Spark AR Campus Ambassador

Conducted Spark AR workshops and helped out over 500+ students to get started with creating AR Filters on Facebook and Instagram. Also, organized a community hackathon with over 700+ participants and submissions.

AWARDS

- Won 2nd Overall prize at an international Hackathon for our project MashMix.

- Won 2nd Prize at HackwithAR Hackathon organized by Reskill and Spark AR(Meta).

- Won Best Custom Content Prize at "Hack This Fall 2.0" Hackathon for The @Company track.

- Special Honorary Mention Prize at Diwali Hackathon organized by Spark AR and Reskill.
